Honorable Jim Bunning
Of Kentucky

Dear Senator Bunning:

Honorable Senator, when the Cuban people talk about you, we know that you are a man of honor, dignity and commitment, that stands firm by us in our struggle for the pursuit of human rights, democracy and freedom for Cuba.

The Lawton Foundation for Human Rights has received from Remedio Diaz Oliver and the Cuban Liberty Council your statement in the United States Senate from Monday February 2nd, 2004. With this statement, our people have in your words, the commitment and faith for a free Cuba, that will never be forgotten.

On behalf of Dr. Oscar Elias Biscet and our Foundation, and for those democratic principles by which Dr. Biscet stands, and for his cause on behalf of all other political prisoners in Cuba, we cannot thank you enough.

It is indeed a great day today, for your presence in Miami, once again inspires us spiritually to be closer forever to freedom and democracy in Cuba.

Sincerely,

Angel E. Garrido, MD
